ENVIRONMENTAL MANAGEMENT POLICY

SCOPE

This policy applies to all Vital Pulse Staff and its Sub-Contractors who provide services to our clients sites.

POLICY STATEMENT & PURPOSE

As part of our commitment to achieving the principles of responsible environmental management, sustainability and protection of the natural environment in our workplaces, we recognise our moral and legal responsibility to ensure that our activities, products and services are designed to protect and enhance the environment in the communities in which we operate, and our obligations to ensuring that our operations do not place the natural environment or the local community at risk of harm.

AIMS & OBJECTIVES

Vital Pulse is committed to environmental improvement and prevention of pollution. We will achieve this by working with our customers, suppliers and the community. To achieve these objectives we will commit to:

- Comply with all applicable environmental regulations.
- Strive for continuous improvement of environmental performance by identifying and addressing environmental risk.
- Facilitate and enhance the decision-making process by seeking opinions, feedback, and participation from the Vital Pulse Environment and Sustainability Committee also known as the 'Green Team' on environmental management issues on our work sites.
- Reduce waste through innovative work practices and recycling practices,
- Ensure that our suppliers follow acceptable environmental policies.
- Utilise only 'Carbon Neutral' suppliers for all supply deliveries.
- Promote the use of GECA Certified products for our chemical requirements.
- Actively promote environmental awareness among workers, clients, suppliers and the community.

RESPONSIBILITIES

Vital Pulse recognises that the overall responsibility of environmental sustainability rests with management, who will be accountable for the implementation of this policy.

These responsibilities include –

- ensuring that all environmental policies and procedures are implemented,
- establishing measurable objectives and targets to ensure continued improvement aimed at the elimination of waste, pollution and environmental harm.
- encouraging consultation and co-operation between management, workers and stakeholders in matters which may affect or impact on the environment through meetings with the 'Green Team', and
- providing adequate resources to meet these environmental commitments
